**Re: Application Regarding the Acquisition of Progress Energy, Incorporated by Duke Energy Corporation and Merger of Progress Energy Carolinas, Incorporated and Duke Energy Carolinas, LLC**  
**Docket Number: 2011-158-E**

Dear Ms. Boyd:

Pursuant to Regulatory Condition 3.10, on a quarterly basis, Duke Energy Carolinas, LLC ("DEC") and Duke Energy Progress, LLC ("DEP") must file (a) a list of all active dockets at the Federal Energy Regulatory Commission ("FERC") in which DEP, DEC, Duke Energy Corporation ("Duke Energy"), Duke Energy Business Services, LLC ("DEBS"), or Progress Energy Service Company, LLC ("PESC") is a party with new information in each quarterly filing tracked; and (b) a list of the periodic reports filed by DEC, DEP, Duke Energy, DEBS, or PESC with the FERC.

Attachment A to this letter lists all active FERC dockets as of December 31, 2019, to which DEC, DEP, Duke Energy, or DEBS is a party. Attachment B to this letter lists the periodic reports filed by DEC, DEP, Duke Energy, and DEBS with the FERC during the fourth quarter of 2019. Black-line versions of Attachments A and B indicating the changes since the last filing are also attached. The referenced dockets and reports can be accessed from the FERC eLibrary system at <http://elibrary.ferc.gov>.

Sincerely,

Katie M. Brown

<b>Docket No(s).</b>	<b>Affiliate with Party Status (Duke Energy, DEC, DEBS)</b>	<b>Description of Proceeding</b>	<b>Quarter Reported Pursuant to Reg. Condition 3.10</b>
RM16-17	Duke Energy	Notice of Proposed Rulemaking (NOPR) to collect data for analytics and surveillance purposes from MBR sellers and entities trading virtual products or holding financial transmission rights, issued 7/21/16. On 9/16/16 Duke Energy submitted comments to supplement those of EEI, focusing on the path to create an implementable Data Dictionary and recommending a supplemental NOPR to address software development time and costs. During third quarter 2016, FERC held a technical workshop 8/11/16 on the draft Data Dictionary. On 11/2/16 FERC scheduled a second technical workshop to be held 12/7/16. On 7/19/19 FERC issued Final Rule, Order No. 860. Following requests for clarification, FERC granted rehearing for further consideration on 9/16/19. Waiting for FERC order.	Q4 2019
RM18-1	Duke Energy	Notice inviting comments on DOE rulemaking on grid reliability and resilience pricing, issued 10/2/17. On 10/23/17 Duke Energy filed initial comments. On 11/23/17 Duke Energy filed reply comments. During fourth quarter 2017, thousands of comments were filed. On 1/8/18 FERC terminated the rulemaking proceeding, initiated a new proceeding (AD18-7) to evaluate the resilience of the bulk power system in RTO/ISO regions, and required RTOs/ISOs to submit information, within 60 days, on resilience issues and concerns raised in comments. During first quarter 2018, more comments were filed and one request for rehearing. On 3/8/18 FERC granted rehearing for further consideration. On 12/18/18 NRDC et al filed a motion for recusal of Commissioner McNamee. Waiting for FERC order.	Q4 2019
RM19-5	Duke Energy, DEC, DEP	NOPR to require all transmission providers with transmission rates under an OATT, a transmission owner tariff, or a rate schedule to revise those rates to account for changes caused by the Tax Cuts and	Q4 2019

On 10/29/18 FERC acknowledged notification of the inoperability of the Blewett Falls Hydro Station due to extreme flooding conditions experienced during Hurricane Florence. License Amendment: On 11/20/18 DEP filed a Non-Capacity License Amendment Application for several changes to the license, one of which is the installation of an inflatable gate on the Blewett Falls Spillway that will replace the existing wooden flash board system. Other changes include minor edits to Exhibit A, a revised Authorized Installed Capacity due to the calculation using 18 CFR 11(i), and revisions to the upstream American eel and downstream American shad passage requirements of the New License. On 5/8/19 FERC issued an Order approving the License Amendment, with the exception of the Authorized Installed Capacity. This will be recalculated to include the house unit at the Tillery Development. On 7/5/19 DEP filed the revised Exhibit F's required by the approved license amendment. <u>On 10/3/19 DEP filed the revised Exhibit A to include the Authorized Installed Capacity calculation with the Tillery house unit.</u>

Various routine filings pursuant to license conditions and FERC regulations, e.g. emergency action plan revisions, environmental compliance, fatalities, lake level elevation and deviation from normal minimal flow, public safety plan revisions, recreation planning and development, spillway gate operations and wildlife protection plans. On 8/9/18 DEC filed an application with FERC to transfer Project License to Northbrook Carolina Hydro II, LLC consistent with a pending sales agreement that includes the Gaston Shoals Project and other DEC hydro assets. FERC issued an Order Approving Transfer of Licenses for Gaston Shoals and the other projects on 12/27/18, contingent on the parties fulfilling the transfer of licensee records and FERC receipt from Northbrook of all instruments of conveyance and signed acceptance sheets. Due to extended timeframe for approval of the sale of assets by the NCUC and the PSCSC, on 1/18/19 DEC and Northbrook requested an extension until 8/26/19 to file documents required by the Order Approving Transfer of License. On 6/6/19 and 6/26/19, the NCUC and the PSCSC, respectively, had issued Orders granting approval of the (collective NC/SC hydro projects) asset sale and transfer. However, due to the extended timeframe then required for finalizing the transfer documents, on 7/29/19, DEC and Northbrook requested a second extension for the filing until 10/10/19. Northbrook filed the final signed acceptance sheets and instruments of conveyance with the FERC on 8/20/19, including a signed bill of sale for the Gaston Shoals property dated 8/16/19.</del>	Q3-2019
